

## 2 Health and safety procedures

### 2.3 Short trips, outings and excursions

#### Planning and preparation

- Outings have a purpose with specific learning and development outcomes.
- The excursion does not go ahead if concerns are raised about its viability at any point.
- Parents/carers are informed of an outing and staff check that consent forms on children's registration were signed.
- A minimum of two staff accompany children on outings. There is a ratio of 1:2 for children up to 3 years old, some disabled children. Older children have a ratio of 1:4, depending on the risk assessment.
- Children are specifically allocated to each member of staff/volunteer; they are responsible for supervising their designated children for the duration of the excursion.
- Parents/carers on outings are responsible for their own children only.
- Parents/carers who have undergone vetting as volunteers may be included in the ratio.
- A mobile phone belonging to the setting, and small first aid kit is taken out.
- Staff make sure they have water, plastic cups, spare nappies/change of clothes and wet wipes for the children going out appropriate to the length of time they are out for.
- Sun cream is applied as needed and children are clothed appropriately.
- Children wear badges or 'high viz' vests with the name and number of the setting.
- Staff have emergency contacts, medication and equipment needed for children.

#### Risk assessment

- Risk assessment if required, is completed prior to the outing and signed off by the setting manager and all staff taking part. Any existing risk assessments are reviewed/amended as required.
- Children with specific needs have a separate risk assessment if necessary.

## **Outing venue (larger outings)**

- Venues used regularly are 'risk assessed' and an initial pre-visit is made to look at the health and safety aspects. If pre-visits cannot be made, risk assessment is achieved by calling the venue and asking for their risk assessment.

## **Transport**

- If coach hire is required for an outing, only reputable companies are used.
- The setting manager ensures that seat belts are provided on the coach, and that booster seats and child safety seats are used as appropriate to the age of the children.
- The maximum seating capacity of the coach or minibus is not exceeded.
- Contracted drivers are not counted in ratios.
- Public transport should always be within a ratio of 1-2 (unless agreed with the setting manager).

## **Larger outings checklist**

There is an identified lead person for the outing.

- The outing has an educational purpose and has been agreed with the setting manager.
- Risk assessments if required, are completed/updated and shared with every staff, student/volunteer accompanying the children.
- Staff understand the potential risks when they are out with children and takes all reasonable measures to remove minimise risks.
- Bouncy castles and similar attractions are not accessed by children on an excursion.
- The designated lead is the last to leave the venue, or transport being used.
- The designated lead conducts a 'safety sweep' before during and after the outing.
